

Chandan Gupta

FULL STACK WEB DEVELOPER

chandanguptabsbs@gmail.com | [GitHub](#) | [LinkedIn](#) | [Twitter](#) | [AngelList](#) | [Medium](#) | [Portfolio](#)

SUMMARY

Full-stack web developer with 2+ years of experience, passionate about intuitive design. Experienced in JavaScript and Ruby Libraries and Frameworks. Skilled in pair programming, effective communication, and remote work with problem-solving skills. Proficient in delivering user-friendly experiences and motivated to offer innovative solutions.

SKILLS

Front-end: HTML5, CSS3, Bootstrap, JavaScript, React, Redux

Back-end: Ruby, Ruby on Rails, PostgreSQL

Professional: Remote Work, Pair-Programming, Teamwork, Mentoring, Analytical Skills

Tools and Methods: Git, GitHub, Chrome Dev Tools, Responsive Development, TDD

EXPERIENCE

HIGHLIGHTED TECHNICAL PROJECTS

Web Developer, Feb 2023 - Nov 2023

Mastered intermediate to advanced topics in full-stack development while building multiple full-stack and front-end projects independently and via pair programming.

Spice Delights: Spice Delights is a culinary exploration project that aims to showcase the rich and diverse Indian cuisine.

- Built with: (HTML5, CSS3, JavaScript, Webpack).
- **Live Demo**

TV Maze: A web application that allows users to explore and discover various TV shows from various genres.

- Built with: (HTML5, CSS3, JavaScript, React and Redux).
- **Live Demo**

Drive Easy: It's a web application that displays a list of cars. It allows you to add a car, delete a car, and reserve a car.

- Built with: (HTML5, CSS3, JavaScript, React, Redux, and Ruby on Rails).
- **Live Demo**

MICROVERSE, Remote

Mentor (Volunteer), Jan 2023 – Nov 2023

- Implemented proposed improvements to code organization, resulting in a 20% increase in overall efficiency, evidenced by faster project completion times and streamlined workflows.
- Mentored 4+ junior web developers, and provided mentorship through Zoom and Slack. Reduced code errors by 30% in three months, highlighting the positive impact of strategic mentorship on coding accuracy and technical proficiency.
- Provided strategic motivational guidance, resulted in a 25% increase in program completion rates among mentees, and demonstrated soft skills in leadership and motivation.

FREELANCER, Responsive Web Design, Remote

Freelance Web Designer, Dec 2018 - Nov 2022

- Collaborated with diverse clients to translate design requirements into visually appealing and functional website designs, and showcased an ability to understand and meet client needs, a non-tech-related skill valuable in development.
- Implemented responsive design principles, resulting in a 20% rise in positive user experiences and customer satisfaction ratings, reflecting a technical skill in optimizing functionality across devices.
- Successfully increased user engagement metrics by 15%, indicating the impact of design choices on user interaction and experience, a crucial aspect of web development.

EDUCATION

Microverse, Feb 2023– Nov 2023

Remote Full Stack Web Development Program, Full-Time

- Obtained Full Stack Developer Certificate.
- Spent 1300+ hours learning Data Structures and algorithms, and developed 25+ projects using JavaScript, React, Redux, Ruby, and Ruby on Rails.
- Skilled in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

NIIT University, June 2009 – April 2011

Bachelor of Computer Science

- Studied Software Engineering and learned: Data Structures and Algorithms and Full-stack Web development.
